Meenakshi Polymers gains clearer insights with SAP Business One®

Before: Challenges and Opportunities
- Meenakshi Polymers Pvt. Ltd. Dadri Unit manufactures a diverse range of automotive products.
- Tracking of each item across production process was manual, making reporting challenging.
- Tracking of production stages on the shop floor was incomplete.
- Counts on shortfalls and dispatch quantity was performed manually and often led to discrepancies.

Why SAP and Cogniscient Business Solutions
- Meenakshi Polymers Pvt. Ltd. Dadri Unit selected SAP Business One as it provided a world class ERP solution suitable for mid size market companies that was easy to use for workers on the shop floor .
- Its scalable platform provided extensibility to develop last milestone solutions over and above the base product.
- Cogniscient Business Solutions Pvt. Ltd. identified the customer needs and developed solutions to bring production process automation and ROI.

After: Value-Driven Results
- Tracking of production quantities is now managed in real time.
- Tracking of quality approved goods and rejected items is now performed automatically.
- Real time visibility provides better control on dispatch quantity to customers.
- Increased management visibility is enabling better decision making.

"SAP Business One, being integrated software, helped us **understand our customer needs better** and enabled us to provide quality products to the customer's door step."
